To Whom it may Concern

I am delighted to provide a reference for Mr. Steve Levi of All Alert Security.

I have known Steve for over twelve(12) years during which time he has installed comprehensive NESS brand security systems in two of my homes. Both security systems were fully monitored back-to-base and fully supported by Steve and the monitoring company he connects the system to, currently being Central Monitoring Services.

Over the past twelve years Steve has demonstrated a commitment to his business and his customers of the highest standard. Steve has always provided me with quality equipment and good advice. I like to specially mention his excellent telephone support to help me through times of technical needs. Steve is very reliable and very honest.

In my home, Steve is always welcomed and he handles all his business in a very professional manner. I would highly recommend Steve to anyone looking for his professional services and I look forward to continuing my business relationship with Steve.

Yours Faithfully,
