To Whom It May Concern,

This letter is written to advise that Steve Levi from Alert Electrics and Security, has been a valued customer of Ness Security Products Pty Ltd for over 10 years.

Over that time we have seen Steve build his business based on the principle that his customers come first and that no customer request is beyond his capabilities. This allows him to be able to promptly meet customers requests any time of the day, and to be available when and where required.

With that principle as his business benchmark we value Steve's business to the extent that he is one of our preferred installers and we have no hesitation in recommending Steve to quote, service and install any security system that is required by you, his valued customer.

Thank you for the opportunity to be able to write this testimonial for Steve as he is valued as a friend as well as a customer and we wish him well as he continues his security business.

Yours faithfully,
Ness Security Products Pty Ltd
