Dear Steve

Re: Security Monitoring - 52 Pellisier Road, Putney.

Thank you for your letter and account of 31/10/05.

As we have our house on the market at the moment and intend to purchase a home unit, we have decided not to renew the back-to-base monitoring service at the end of this month. However, until the house is sold we will continue to have you deal with any technical problems with security matters that might arise.

We will be giving the new owners the highest recommendation to take advantage of your services and those of Central Monitoring Services and will contact you if we need any security services in our future home. Many thanks for your excellent service over the past years.

Please advise if you wish us to notify Central Monitoring Services of this cancellation of agreement.

Yours sincerely,
